

the THIRSTY

WINE CLUB

We spent all of 2022 exploring themes of change, how winemakers are adapting to climate change and rising to the challenge of historic weather and economic events. We've earned a little fun! This year, we are challenging ourselves to find wines through the lens of the wacky, weird and wild landscape of game night. From tripping over our words during mad libs or practicing subterfuge in a game of Clue, we are giving ourselves permission to explore and let loose.
